Mean Earnings for the year ending 31 March 2017

The average pay for GPs working in Bursledon Surgery in the last financial year was **£15,195** before tax and National Insurance. This is for 1 full time GP and 1 locum GP who worked in the practice for more than 6 months

NHS England requires that the net earnings of doctors engaged in the practice is publicised by 31 March 2018 at the latest. However, it should be noted that the prescribed method of calculating earnings is potentially misleading because it takes no account of how much time doctors spend working in the practice and should not be used for any judgement about GP earnings, nor to make any comparisons with other practices.
